

December 9, 2010

TO: Justin Shannon  
FROM: Wade Paskett  
SUBJECT: **2010 Sheep Survey – Henry’s (Little Rockies)**

The 2010 Henry’s unit sheep survey was flown November 15<sup>th</sup> by Steve Rugg with the UHP A-Star. Flight time was 5.75 hours. Observers: Paskett, Crompton, Shannon, Wallace. About 1-1/2 fuel loads would have been needed to fly this rest of this unit.

We flew the area with the largest congregation of sheep historically, between Ticabboo Mesa and Four Mile Cyn. In 2008 the numbers in this area were Ewes: 15; Lambs: 2; Rams: 15; Total: 32; Lambs/100 Ewes: 13; Rams/100 Ewes: 100

Total Sheep Observed

Ewes	Lambs	Rams	Total	Lambs/ 100 Ewes	Rams/ 100 Ewes	Sheep/ Heli. Hr.
13	6	5	24	46	38	2.4

Sheep Observations by Area

Area	Ewes	Lambs	Rams	Total
Mt. Hillers	DID	NOT	FLY	
Mt. Ellsworth	DID	NOT	FLY	
Mt. Holmes	DID	NOT	FLY	
S. Fork Ticabboo Cyn-Four Mile	11	5	5	21
